Third graders have been sitting on the floor in the third-grade hallway during dismissal because there are not enough benches in the afternoon. Moonshot students are standing out in front of the clinic building or the other benches during after-school dismissal. Walkways beyond the gate door need to be clear, accessible, and ADA compliant for all students, staff, teachers, and visitors. Having additional seating will provide space for all stakeholders at Beachland Elementary, including our new addition from the Early Learning Program

The benches are behind the gate and provides a safe barrier for the children as the come and go.
WHAT IS YOUR TIMETABLE (When will you need funding and when will it be put into place):	We are hoping to order and have the benches installed as soon as possible.
If There Is Anything Else You Would Like to Add, Please Do So Here:	Two parents have wondered about students sitting on the exterior of the gate. I spoke with the two VPK teachers and both said they could move the students to the cement benches. However, without backs and being rough, they are worried about their little bodies on the cement benches.

NAME	Selena Costanza
EMAIL/PHONE	selena.schneider@indianriverschools.org
Role	Teacher
ADDITIONAL APPLICANTS:	
SCOPE OF PROJECT/REQUEST:	The objective of this project is to design, create, and implement a set of mailboxes for use in a fourth-grade classroom and to purchase flexible seating options for students. These mailboxes will help organize student work, assignments, and communication from the teacher, enhancing classroom management and student responsibility. The stools and the bean bag chair will allow for flexibility for the students so they can sit where they learn best.
ITEMS NEEDED/COST (DOLLAR AMOUNT REQUESTED):	Two wooden white mailboxes. There are two wooden available mailboxes on Amazon for \$166.95 each plus tax, for a total of \$355.22, (available at https://a.co/d/2sIWbEI) - Portable stools: \$69.11 (for a pack of 5), available at: https://a.co/d/7sxKzh3 - Beanbag chair \$58.24, available at https://a.co/d/hlRSw5z Total requested: \$482.57
WHAT LEARNING/SCHOOL/DISTRICT OBJECTIVES CAN THIS REQUEST BE TIED TO and WHO WILL BENEFIT (Include grade(s)/subject(s) and approx. # of students):	Organization: Provide a structured system for students to keep track of their assignments and correspondence. Responsibility: Encourage students to manage their own work and be accountable for their materials. Communication: Facilitate the distribution of important notices and feedback between the teacher and students. This will impact the whole fourth grade so approximately 97 students currently.
WHAT IS YOUR TIMETABLE (When will you need funding and when will it be put into place):	The funding will be needed as soon as possible. Once I receive the funding, the mailboxes will be built immediately and be put into use by the students and the flexible

	seating options will be used by the entire fourth grade.
If There Is Anything Else You Woud Like to Add, Please Do So Here:	The reason we need mailboxes is for students to have organization of their math books, homework books, and math spiral notebooks for notes. Students have been carrying around their homework books and notebooks for the last week and a half and it has become heavy for their backpacks now that they have their computers. It has also taken away from class time to pass out books without proper storage. With mailboxes, this will allow students to have their own space for their materials and know exactly where they are everyday. We appreciate you! Thank you so much!

TITLE OF GRANT:	Shark Singers- Winter Performance
Name	Heidi Evans
EMAIL/PHONE	Heidi.Evans@indianriverschools.org
ROLE:	Teacher
ADDITIONAL APPLICANTS:	Traci Guthrie, parent, co-applicant;
SCOPE OF PROJECT/REQUEST:	This request is to support stage decoration and expenses related to the Beachland Winter Performance on December 12, 2024. All of the school community will be invited to enjoy a Winter Wonderland show performed by our Shark Singers. It is our hope that we can include many members of the BES population with stage decorating and planning. We would love to include the Art Club, train a student or parent to run the lights and sound, and include as many as possible in the production. All parents and students will benefit from this community building performance, whether in the audience or performing on the stage.
ITEMS NEEDED/COST (DOLLAR AMOUNT REQUESTED):	[Traci will send cost breakdown upon receipt]. Stage decoration- the overall theme is 'winter white'. We would like to create a winter white stage with a prop indoor cabin off to side with faux fireplace; in the main setting we envision huge oversize snow flakes hanging from ceiling, a fake snow man, along with globe lights and poinsettias. We would like to invite the Art Club and all Art students to assist in making as many of the stage decorations as possible. We will also seek donations of goods and time from Shark Singers and their parents. Total cost: \$312.00
WHAT LEARNING/SCHOOL/DISTRICT OBJECTIVES CAN THIS REQUEST BE TIED TO and WHO WILL BENEFIT (Include	The entire BES community benefits from the performance. It inspires a sense of community and belonging. Not only do the performers benefit from the experience of building confidence, self-esteem, and public speaking skills, the audience will also benefit.

<p>grade(s)/subject(s) and approx. # of students):</p>	<p>Live performances provide an environment that encourages learning, development, and growth. Audience members can be inspired by the performers, challenged to stretch their minds, and encouraged to think outside the box.</p>
<p>WHAT IS YOUR TIMETABLE (When will you need funding and when will it be put into place):</p>	<p>Promptly upon receipt. We plan to begin ordering supplies as soon as possible, and start preparations the week prior to Thanksgiving.</p>
<p>If There Is Anything Else You Woud Like to Add, Please Do So Here:</p>	<p>The Shark Singers aspire to bring the BES community together through performing arts. Studies show that getting kids involved in the performing arts can have major payoffs in school. Research shows that children who sing/dance/act/play are four times more likely to be recognized for academic achievement compared with their non-performing friends — and they tend to have enhanced cognitive, motor, and social development. Getting up on stage can enrich children's lives in all sorts of surprising ways: mastering anxiety, expressing new emotions, building self-esteem, inspiring audience members, and countless more. We would love to start a new tradition that not only the performing group can look forward to, but the parents and entire school student population can enjoy.</p>
